

Confirmation May 7- Ruth and Esther

Worksheets and activities for both lessons were handed out and are available on the faith at home table

- **Discussed ways in which we see God even when we do not speak of God**
- **Discussed things that we wish we could hear God say to us**
- **Discussed ways we discovered God was with us**

We talked about how in both Bible passages, both women were heroes to their people and to their faith, both in different ways. It brought us to a discussion of how important it can be to speak up and to act in our everyday lives even when it seems hard or scary. We also discussed the importance that Ruth is in the family tree of Jesus.

I encourage you to read both these books of the Bible as they are quite interesting and informative and they are also short which may prompt you to do so.
